Young at Heart Pharmacy Announces Private Equity Partnership ***Investment provides foundation for additional growth***

Carmel, IN, May 6, 2011 – Flywheel Healthcare Holdings LLC d/b/a Young at Heart Pharmacy (“Young at Heart Pharmacy” or “the Company”), an institutional pharmacy provider, announced today that it has raised growth capital from Grindstone Partners, a private equity firm in Alexandria, VA. The Company was founded in 2009 by two seasoned pharmacy executives, Mr. Barry Hart R.Ph and Mr. Erik Young.

Young at Heart Pharmacy provides pharmacy services that employ Lean Production, ISO 9000 and Six Sigma operating processes to deliver world class quality, while maintaining close communication and relationships between pharmacy caregivers and their patients. The Company’s unique combination of technologies and personal attention is described as “the cutting edge of old fashioned service”.

“Our new investor will allow us to drive new growth strategies, add additional service capabilities and bring greater resources to our business and we’re very excited about the partnership,” said Mr. Young. “We continue to grow our customer base of leading healthcare providers in the region and we will now be able to bring even greater resources to our customers”, added Mr. Hart.

Mr. Michael Bluestein, Managing Partner of Grindstone Partners, said “Young at Heart Pharmacy has built a culture of excellence, efficiency and top quality service. The management team has operated in the sector for many years and are experts at delivering top quality service using best operating practices. We are very excited to partner with Barry and Erik to support their initiatives for the business.”

About Grindstone Partners:

Grindstone Partners, LLC is an Alexandria, VA based private equity and advisory firm focused on small and mid cap companies across the United States. The firm's founder, Michael Bluestein, has over 20 years of experience in growth capital and buyout investing and has extensive

experience investing in healthcare, business service and technology companies. The firm partners with management teams to transform small and medium sized businesses into institutional-grade companies. For more information visit www.grindstonepartners.com.

About Young at Heart Pharmacy:

Young at Heart Pharmacy is a rapidly growing provider of pharmaceuticals to patients based in Carmel, Indiana. The Company was founded by two seasoned pharmacy executives, Barry Hart R.Ph, and Erik Young. Young at Heart Pharmacy serves residents in skilled nursing facilities, assisted living facilities, group homes, workplace clinics and other settings around the Midwest. Prior to this venture, Mr. Hart and Mr. Young founded and operated another institutional pharmacy for five years. Mr. Hart is a graduate of Purdue University School of Pharmacy with over 20 years of pharmacy practice management serving in various senior management and sales positions with leading industry players. Mr. Young served in several positions at Ariba, a Pittsburgh-based software and services company, Accenture and Procter and Gamble and earned degrees from University of Virginia and Dartmouth College.
